

Range:

- ST10L10
- ST20L20

Product features:

- Automatic selection of voltage
- Voltage and current regulation
- PWM shunt control
- Multistage charging technology
- Current compensated load disconnection
- Automatic load reconnection
- Temperature compensation
- Common positive grounding or negative grounding on one terminal
- Night light function with Steca PA RC100
- Integrated self test
- Monthly maintenance charge

Electronic protection functions:

- Overcharge protection
- Deep discharge protection
- Reverse polarity protection of load, module and battery
- Automatic electronic fuse
- Short circuit protection of load and module
- Overvoltage protection at module input
- Open circuit protection without battery
- Reverse current protection at night
- Overheating and overload protection

Displays:

- Multi-coloured LED
- 5 LEDs show operating statuses
- for operation, state of charge, fault messages

Operation:

- Adjustable by remote control

Interfaces:

- Steca Optobus

Certificates:

- Compliant with European Standards (CE)
- RoHS compliant
- Made in Germany
- Developed in Germany
- Manufactured according to ISO 9001 and ISO 14001
